Working people have had enough. Everything's going up but our wages.

Ministers partied while people died. Now they do nothing while living standards plummet, and P&O lays off hundreds of workers on the spot.

It's time for a new deal for working people. We need help with energy bills and a real pay rise for every worker.

Let's take matters into our own hands – and get out on the streets. On 18 June, in London, let's tell this government: we DEMAND better.

Retired Members Meeting 21st June

We have arranged our next meeting for **Tuesday 21st June 10.30am** at Antenna in Nottingham (address below). This will be a hybrid meeting so if you can't make it to Antenna you can join us online via Zoom using the link below.

Our guest speaker this month will be Keir Chewings from the Railway, Maritime and Transport Workers Union who will be talking to us about the RMT ballot and the forthcoming industrial action.

Keir will explain the reasons for the strike ballot, the failure of the rail franchise system, what action will be taken by the RMT, and the threat to all unions of the Government attack on the right to strike.

This is an important dispute made even more so with the threat to all unions within the public service. We hope you will be able to come along and listen to Keir.
